

PRESS RELEASE
MARCH 7, 2014

NEW RAUMA OFFICE AND HEAD OF FERRY DESIGN FOR FORESHIP LTD.

Foreship Ltd. continues its strategic growth plan in the area of ferry and special vessel design by announcing the opening of an office in Rauma, West Coast of Finland. The office will be managed by newly appointed Mr. Ari Huttunen, Foreship Head of Ferry Design.

Mr. Huttunen brings more than 20 years of ferry and special vessel project design experience to the company. Prior to joining Foreship, Mr. Huttunen has held various positions at STX Finland Rauma Shipyard, most recently as Head of Project Design Department and Sales Manager.

The new office is located in downtown Rauma and will also provide more localized services for the marine based industry of the area and help recruitment in the West Coast region.

The new office will be Foreship center for ferry, RoRo and special vessel related newbuilding, conversion and technical consultation projects.

Foreship Ltd.

Foreship is a well known and highly respected ship design and engineering company providing a broad range of services to the shipping industry. Foreship has more than 50 employees working on all areas of ship design, including Naval Architects, Marine Engineers, Structural Engineers, Interior Architects, Electrical Engineers and Interior and HVAC designers. Foreship offices are located in Helsinki, Turku and Rauma in Finland. Foreship owned Queo Consulting Ltd. has offices in Mariehamn, Finland and in Miami, USA.

Foreship is known for challenging large scale conversion projects, structural engineering and newbuilding concept designs. Our customers include the largest cruise lines and other shipowners, shipyards and maritime suppliers worldwide, our turnover distributed between these three areas. Turnover of the company in 2013 was 5.4 MEURO.
